

TECHNOLOGY, ENGINEERING AND DESIGN THINKING RESOURCE GRANTS

Who

Public school teachers for grades TK-12 in San Mateo County serving low-income students (as determined by Title 1 status and/or percentage of students eligible for Free and Reduced-Price Lunch) are eligible to apply. A maximum of five grants will be awarded to a school, and one grant per teacher per school year.

What

Grants of up to \$500 are available for the school year and summer learning sessions to fund Technology, Engineering, Design Thinking and STEAM curriculum in the form of hands-on projects, classroom resources, curriculum supports, guest subject experts and professional development.

Examples include: bringing in a subject expert to your classroom, supporting an afterschool or summer STEAM Club, and purchasing reusable design thinking resource kits like “Rigamajigs” for an entire class.

How

It's easy! Simply scan and email a description of your idea on school letter-head, including the following information:

- Date and Technology, Engineering and Design Thinking Grant notation
- School and district name, address, telephone and fax number
- Your name, email address, grade level
- Title 1 status and/or percentage of students eligible for Free and Reduced-Price Lunch
- Total amount requested
- Description of your project
- How many students will benefit
- Itemization of how the money will be spent
- Applications must be signed by both the submitting teacher and principal

Scan and email your application to slira@venturesfoundation.org.

When

Send your request in as soon as it is ready. If approved, funds will immediately be disbursed. Please check our website at www.venturesfoundation.org before writing up a proposal to ensure funding is still available.

This program is made possible with funding by
The Maxwell | Hanrahan Foundation.
