SCIENCE RESOURCE GRANTS

$500 Grants for Science Instruction in TK-12th Grade Bay Area Classrooms

WHAT IS IT?

Grants of up to $500 will be awarded to teachers for hands-on materials to enhance their classroom science instruction, with a focus on **life sciences and chemistry.**

Examples include:
- Safety goggles and lab coats
- Water testing materials
- Chemistry lab sets
- Kits (bird feeder kit, DNA kit, soil kit)
- Microscopes and slides

WHO CAN APPLY?

Any TK-12 teacher working at a low-income public school in Alameda, San Francisco, San Mateo, or Santa Clara County is eligible to apply.

Limit of two grants per school and one grant per teacher. Low-Income eligibility guidelines listed on website.

HOW TO APPLY?

It's easy! Submit a request on school letterhead with the following information:

- Date and Science Resource Grant notation
- School and district name, address, telephone
- Teacher name, grade level and email address
- Total amount requested
- Description of your project
- How many students will benefit
- Itemization of how the money will be spent
- Applications must be signed by the submitting teacher and the school principal
- Who the check should be made payable to (school, district or PTA only) and the address the check should be mailed to

Email your application to Lourdes Clark at **Lclark@venturesfoundation.org.**

If approved, funds will immediately be disbursed. Please check our website at venturesfoundation.org before writing up a proposal to ensure funding is still available.

*This program is made possible with funding from the **John & Marcia Goldman Foundation.***
